

Runcorn Heights State School

8 December 2022

Dear Parent/Caregivers

2023 Student Resource Scheme

In 2023, students in all year levels from Prep – 6 will be able to participate in the Student Resource Scheme which means RHSS will purchase all stationery items including Maths Mentals workbooks, Literacy Planet and Mathletics user applications for students if you buy into the scheme.

The cost of the 2023 SRS is \$132 for students in Year 6 for 2023.

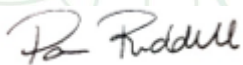

Due to the differences in iPad generations and headphone ports, the cost of headphones have been removed from SRS budget and parents are asked to supply over the ear headphones that suit their child's specific iPad.

Please contact the office for paperwork if you wish to opt out of the Student Resource Scheme. If you choose this option, you will need to purchase all the resources and the Literacy Planet and Mathletics user applications listed on the booklist. Please note that there is a cost difference if you purchase the online resources (Literacy Planet and Mathletics) yourself. This cost alone equates to \$191.49 per student. Our updated booklists will be on our website.

An invoice will be issued and emailed to families in the scheme in January. Once you receive the invoice, please pay via BPoint or QParents.

Please contact the office if you have any questions or require clarification.

Kind regards

Pam Ruddell
Principal
