

**Curriculum Support for Continuity of Learning  
Provided by Queensland Department of Education**

**Guidelines to access educational materials to continue your child's education at home**

**There are three options for parents to access learning from home.** Students may require an adult on hand to provide guidance and supervision while they work through the tasks. There are other webpages and links also attached.

**Option 1 – Learning place curriculum documents**

**Option 2 – Learning Place**

**Option 3 – Learning@home webpage**

**Additional resources** - <https://education.qld.gov.au/curriculum/learning-at-home/learning-resources>

There are many educational websites that provide learning activities for students of all ages. To help you select relevant activities when visiting these websites look at the Prep to Year 10 [Australian Curriculum Parent information](#)  webpage to see what your children will be learning in each learning area at each stage of schooling.

Aboriginal and Torres Strait Islander students and families are advised that these resources may contain images, voices, names or references to deceased persons. This may be in the form of photographs, film, audio recordings or printed material included or referenced as part of this resource.

Some of these resources contain sensitive issues for the purposes of critical study. Parents are encouraged to consider the suitability of resources for their children.

### **Trouble shooting**

The Learning Place website states ...

#### **“Departmental websites and applications issues with Chrome v80**

Staff, students and the public using un-managed devices (e.g. non-MOE, BYOx and personal) will have issues accessing some departmental applications and websites using Google Chrome v80. The department is working with Google to resolve these browser issues introduced by the new version upgrade.

Chrome v80 users will not be able to access:

- CAMS (platform for e-learning)
- Learning Place resources (e.g. searching from Staff and Student sites)
- Some resource links within eLearn courses and edStudios.

For CAMS, Staff and Student sites links to Learning Place resources, users should continue to use Internet Explorer 11 or Safari on Mac. Access will be available to eLearn using Chrome v80.”

## Option 2

### Learning place –

Use the website links below depending on year level and enter access key into the quick links

The Learning Place where you can find resources, share, create and learn. This is where you can blog, upload multimedia into albums and work on your studios.

**Learning Place maintenance and system outages**

**Learning Place access issues with Chrome v80 and Microsoft Edge v80**  
Students using un-managed devices (e.g. non-MOE, BYOx and personal) **will have issues** accessing some sections of Learning Place using the new update of Google Chrome (version 80) and Microsoft Edge (version 80). The department is working towards a resolution.

Chrome version 80 and Microsoft Edge version 80 users will not be able to access:

- Learning Place resources (e.g. search results) – Use Internet Explorer 11 or Safari on Mac.
- Some resource links within eLearn courses and edStudio – Install an alternative browser e.g. Firefox

### Option 3

Learning@home webpage - No log on details required.

<https://education.qld.gov.au/curriculum/learning-at-home>

Education webpage, then slide across the Curriculum tab: drop down learning@home and select subject and year level.

All documents are PDF and are required to be opened and printed to be utilised.

The screenshot shows the Queensland Government Education website. At the top, there is a search bar and the text "Queensland Government" and "Department of Education". Below this is a navigation menu with the following items: Home, About us, Students, Parents and carers, Schools and educators, Initiatives and strategies, Curriculum, Careers, and Contact us. The "Curriculum" item is highlighted, and a dropdown menu is visible with "learning@home" and "Stages of schooling" options. The "learning@home" option is circled in red. Below the navigation menu, the breadcrumb trail reads "Home / Curriculum / learning@home".

## learning@home

learning@home refers to the ways schools will maintain teaching and learning in the event of a prolonged school closure or student absence.

The Department of Education has a number of online tools and resources to support students.

Curriculum resources for Mathematics and English are available for students to complete at their own pace. Students in Prep to Year 3 may require support to read and understand instructions.

The resources provided here are a sample of activities that can be printed and are designed as a support tool for students to continue their learning and engage in familiar activities essential to their learning and wellbeing.

Additional online resources are available through the [Learning Place website](#) using students log in. This is the same logon and password that students use to log onto the computers in their classrooms.
